While remote teaching was brand new to us when the school closure began, we have been determined to offer a rich curriculum that engages and challenges our students and holds to our values as a school. It has been a process of trial, evaluation, adaptation, and

renewal.

As a Public Waldorf School, guided by the core principles of Public Waldorf Education, NCS provides a curriculum that is experiential and
devotional. This developmental approach creates a love of learning throughout the Grades. We incorporate a "slow-tech" approach to media and
technology to ensure that students are not exposed to excessive screen time and that learning programs remain from paper packets in the lower Grades to a more extensive online learning program in the mid through upper grades.

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of the

2020-21 CAF COVID-19 Operations Written Report for Novato Charter School

Our 3rd and 4th graders are doing about half to three-quarters of their work on the computer, using Google Slides, Docs, or for 4th, Khan Academy. Other work is written on paper (or main lesson books) at home and pictures will be taken to upload to their teachers at the papers and video recordings.

In the 4th grade through second-grade classes, no school work has been done on the computers. We have provided paper packets, audio and video recordings, and the students participate in weekly Zoom meetings. We keep track of attendance and grade progress. Faculty have used Google Classroom to access the classrooms of picked up students. When school is not possible, we will use Google Slides or PDFs.

It has been a priority for NCS to continue to deliver high-quality distance learning opportunities. We have worked with the lower school and middle school groups to offer a variety of ways to engage with our students. The teachers will report on participation and progress of each student. Progress on the Essential Standards will be reported at the end of the term. Sale And Disposal of Books, Equipment and Supplies

The NCS Board recognizes its fiscal responsibility to maximize the use of school equipment, supplies, instructional materials, and other personal property while providing up-to-date resources that facilitate student learning and effective school operations. When the Board, upon recommendation of the Administration or designee declares any school-owned property unusable, obsolete, or no longer needed, the Board, shall decide whether the property will be donated, sold, or disposed of by one of the methods prescribed in law and administrative regulation.

The Board shall approve the price and terms of any sale or lease of school property. If the Board members who are in attendance at a meeting unanimously agree that the property, whether one or more items, does not exceed $2,500 in value, the property may be sold or donated. If the Board members who are in attendance at a meeting unanimously find that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Board or may be disposed of in the local public dump.

Instructional materials shall be considered obsolete or unusable by the school if they have been replaced by more recent editions or new materials selected by the Board, are not aligned with the school's academic standards or course of study, and have no foreseeable value in other instructional areas. Such materials may be sold or donated if they continue to serve educational purposes that would benefit others outside the school. Instructional materials are not appropriate for sale or donation if they meet any of the following criteria:

1. Contain information rendered inaccurate or incomplete by new research or technologies

2. Contain demeaning, stereotyping, or patronizing references to any group of persons protected against discrimination by law or Board policy

3. Are damaged beyond use or repair

While Novato Charter School (NCS) is primarily dedicated to offering a classroom-based program, circumstances may arise for the option of short-term independent study. Because of these special circumstances, the Board of NCS authorizes Independent Study as an instructional strategy for students enrolled in Kindergarten through Eighth Grades. Independent Study provides a means for students in certain circumstances to pursue curriculum objectives outside the regular classroom. The length of an independent study program shall be a minimum of 1 day and not more than 45 school days. A request for independent study must be received at least one (1) school day before the commencement of the absence, except as otherwise approved by the Administrator. Independent study is conducted solely for the educational benefit for the students attending NCS as a means to encourage daily engagement in school work even during times of extended absence. The NCS Board has adopted the following policies in accordance with California Education Code Section 51747:

a) Once an assignment has been made, the independent study program shall allow a maximum of five (5) school days for grades K-8 until the assignment must be completed and returned to the teacher for evaluation.

b) The School shall not provide independent study students or their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians.

c) A written independent study master agreement for each student shall be maintained on file. Each agreement shall be signed and dated and in effect prior to the start of reporting attendance (ADA) pursuant to that agreement. The agreement shall include the following:

1. A statement regarding the maximum length of time allotted between the assignment and the completion of a student’s assigned work (5 days).

2. The expected duration of the independent study agreement, including the beginning and end dates for the student’s participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than 45 school days.

3. An evaluation by a committee made up of the student’s teacher and the Administrator as to whether it is in the student’s best interest to participate in the independent study program at NCS during an extended absence whenever the student is missing three (3) or more independent study assignments. A written record of the findings of this evaluation shall be placed in the student’s permanent record and shall be maintained for a period of three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

4. A statement that independent study is an optional educational alternative in which no student may be required to participate.

5. Each written agreement shall be signed, prior to the commencement of the independent study, by the student, the student’s parent, legal guardian, or caregiver, if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of the independent study, and all other persons who have direct responsibility for providing instructional assistance to the student.

d) Attendance Accounting:

NCS recognizes that families may not evenly distribute student’s work assignments over weekdays. However, due to strict State law requirements for charter school attendance, NCS expects each student to be engaged in an educational activity required of them in the assignment on each weekday that NCS is in
session, and asks that this “daily engagement” be done on a daily basis. This should not be read to prohibit schoolwork on weekends and should not be read to dictate the manner in which a family distributes the assignments over the independent study period.

Administration of Independent Study

1. Each student’s independent study shall be coordinated, evaluated, and carried out under the general supervision of a certificated employee.

2. The responsibilities of the independent study administrator shall be to:
   a. Ensure that the School’s independent study option is operated in accordance with law and NCS Board Policy.
   b. Facilitate the completion of independent study written agreements.
   c. Complete or coordinate the preparation of all necessary records and reports.
   d. Establish and maintain in a systematic manner all records required by law and NCS Board policy.
   e. Monitor enrollment in independent study to stay within prescribed limits and to ensure the educational quality of the independent study.
   f. Assure a smooth transition into and out of the independent study mode of instruction.

Independent Study Records

1. School records shall identify all students participating in independent study, and records shall be maintained at the School.

2. Records shall be maintained for audit purposes and shall include the following:
   a. A copy of the NCS Board policy and procedures related to independent study.
   b. A file of all agreements, with representative samples of each student’s work products bearing, signed or initialed and dated notations by the supervising teacher indicating that he/she has personally evaluated the work.

ACCEPTANCE OF PAYCHECK PROTECTION PROGRAM LOAN

WHEREAS, Novato Charter School ("NCS") is a 501(c)(3) non-profit organization with fewer than 500 employees; and

WHEREAS, NCS has applied for and expects to receive a loan from the Small Business Administration ("SBA") Paycheck Protection Program ("PPP loan") in the amount of $354,502 through Bank of Marin; and

WHEREAS, applicants for PPP loans must certify to the following statements:

- The Applicant was in operation on February 15, 2020 and had employees for whom it paid salaries and payroll taxes or paid independent contractors, as reported on Form(s) 1099-MISC.
- Current economic uncertainty makes this loan request necessary to support the ongoing operations of the Applicant.
- The funds will be used to retain workers and maintain payroll or make mortgage interest payments, lease payments, and utility payments, as specified under the Paycheck Protection Program Rule; I understand that if the funds are knowingly used for unauthorized purposes, the federal government may hold me legally liable, such as for charges of fraud.
- The Applicant will provide to the Lender documentation verifying the number of full-time equivalent employees on the Applicant’s payroll as well as the dollar amounts of payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities for the eight-week period following this loan.
- I understand that loan forgiveness will be provided for the sum of documented payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities for the eight-week period following this loan or as otherwise modified by law.
- I understand that loan forgiveness will be provided for the sum of documented payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities, and not more than 25% of the forgiven amount may be for non-payroll costs or as further modified by law.
- During the period beginning on February 15, 2020 and ending on December 31, 2020, the Applicant has not and will not receive another loan under the Paycheck Protection Program.
- I further certify that the information provided in this application and the information provided in all supporting documents and forms is true and accurate in all material respects. I understand that knowingly making a false statement to obtain a guaranteed loan from SBA is punishable under the law, including under 18 USC 1001.
and 3571 by imprisonment of not more than five years and/or a fine of up to $250,000; under 15 USC 645 by imprisonment of not more than two years and/or a fine of not more than $5,000; and, if submitted to a federally insured institution, under 18 USC 1014 by imprisonment of not more than thirty years and/or a fine of not more than $1,000,000.

- I acknowledge that the lender will confirm the eligible loan amount using required documents submitted. I understand, acknowledge and agree that the Lender can share any tax information that I have provided with SBA's authorized representatives, including authorized representatives of the SBA Office of Inspector General, for the purpose of compliance with SBA Loan Program Requirements and all SBA reviews; and

WHEREAS, on April 23, 2020 the SBA provided, and has subsequently amended, a document titled “Paycheck Protection Program Loans Frequently Asked Questions (FAQs)” (the “Guidance”) regarding whether “businesses owned by large companies with adequate sources of liquidity to support the business’s ongoing operations qualify for a PPP loan;” and

WHEREAS, the Guidance advises that “all borrowers must assess their economic need for a PPP loan under the standard established by the CARES Act and the PPP regulations at the time of the loan application” and “[a]lthough the CARES Act suspends the ordinary requirement that borrowers must be unable to obtain credit elsewhere (as defined in section 3(h) of the Small Business Act), borrowers still must certify in good faith that their PPP loan request is necessary”; and

WHEREAS, the Guidance advises that applicants pay particular attention to the certification in the PPP loan application regarding “current economic uncertainty” as follows:

- Specifically, before submitting a PPP application, all borrowers should review carefully the required certification that “[c]urrent economic uncertainty makes this loan request necessary to support the ongoing operations of the Applicant.” Borrowers must make this certification in good faith, taking into account their current business activity and their ability to access other sources of liquidity sufficient to support their ongoing operations in a manner that is not significantly detrimental to the business.

WHEREAS, SBA has amended the Guidance to explicitly state:

- SBA, in consultation with the Department of the Treasury, has determined that the following safe harbor will apply to SBA’s review of PPP loans with respect to this issue: Any borrower that, together with its affiliates, received PPP loans with an original principal amount of less than $2 million will be deemed to have made the required certification concerning the necessity of the loan request in good faith; and

WHEREAS, NCS meets the requirement that “[c]urrent economic uncertainty makes this loan request necessary to support the ongoing operations of the Applicant” because it faces substantial financial risk due to COVID-19, including but not limited to:
Preparation for cash deferrals in state funding: The Fiscal Crisis and Management Assistance Team ("FCMAT") is projecting that, during the COVID-19 pandemic, the State is likely, starting in June 2020, to implement cash deferrals as it did in the last recession. For NCS, 55% of its LCFF revenue comes from state aid and Education Protection Account (EPA) funding. The average NCS monthly state aid and EPA payment next year is currently forecasted at $87,156. A three-month deferral of this cash payment would create a $261,468 cash shortfall.

Future state apportionment: The Governor’s “May Revise” Budget is projecting declines in LCFF state revenue of 10% from 2019-20 levels. Because 86% of NCS’s 2019-20 forecasted revenue is from LCFF, a 10% decline in LCFF rates would reduce NCS’s revenue by $212,836 in 2020-21.

The Charter Schools Development Center is forecasting these cuts may be as high as 20%.

NCS relies on fundraised dollars to provide specialty programs. Due to the school closure resulting from COVID-19, NCS is expecting to face significant revenue shortfalls in the areas of fundraising totaling approximately $55,000 in the one-year period from April 2020 to March 2021.

If the state defers June apportionment, NCS has no other source of working capital. The amount of the projected deferral of the June State Aid and EPA apportionments is $61,699, which will impact cash flow, and NCS’ ability to cover payroll, rent, and utilities.

Unlike school districts, NCS does not have access to county treasurer Tax Revenue Anticipation Notes, at very low interest rates, the authorization to propose a parcel tax to increase revenue, or other loan/funding structures available to school districts.

Unlike district schools which, when they face bankruptcy, are kept open by state and county resources, if NCS faces insolvency, it goes out of business.

NCS is expecting a shortfall in State Lottery revenue of $17,397 for the 2019-20 school year and potentially similar amounts in 2020-21.

WHEREAS, NCS has worked over the COVID-19 crisis to conduct a detailed impact analysis and cash flow projection for the next several months and into the 2020-21 school year that validates the assertions made above and specifically the borrowing need given the rapid decline in non-state revenues in 2019-20; and

WHEREAS, NCS was in operation on February 15, 2020 and had employees for whom it paid salaries and payroll taxes or paid independent contractors, as reported on Form(s) 1099-MISC; and

WHEREAS, the Board of Directors has determined in good faith that the current economic uncertainty makes the federal Paycheck Protection Program loan necessary to support the ongoing operations of NCS; and

WHEREAS, the funds will be used to retain workers and maintain payroll or make mortgage interest payments, lease payments, and utility payments as specified under the Paycheck Protection Program Rule; and
WHEREAS, NCS has already or will provide to Bank of Marin documentation verifying the number of full-time equivalent employees on NCS’s payroll as well as the dollar amounts of payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities for the eight-week period following this loan; and

WHEREAS, NCS understands that loan forgiveness is expected to be provided for the sum of documented payroll costs, covered mortgage interest payments, covered rent payments, and covered utilities, and not more than 25% of the forgiven amount may be for non-payroll costs; and

WHEREAS, NCS understands that during the period beginning on February 15, 2020 and ending on December 31, 2020, it has not and will not receive another loan under the Paycheck Protection Program; and

WHEREAS, NCS staff has certified that the information provided in its application and the information provided in all supporting documents and forms is true and accurate in all material respects; and

WHEREAS, NCS has taken into account its current business activity and its ability to access other sources of liquidity sufficient to support our ongoing operations in a manner that is not significantly detrimental to the business; now, therefore, be it

Resolved by the Board of Directors of Novato Charter School, That Novato Charter School meets all requirements of the PPP certifications; and be it further

Resolved by the Board of Directors of Novato Charter School, That the funds that may be awarded through the PPP loan are hereby authorized to be used in a manner consistent with the terms of the Paycheck Protection Program Rules; and be it further

Resolved by the Board of Directors of Novato Charter School, That the Executive Director of Novato Charter School is hereby instructed to further review guidance relating to the PPP as it is released by the SBA and is hereby authorized to take appropriate steps, including the return of the funds, if changes to the Guidelines cause Novato Charter School to no longer meet the program requirements.
