## Budget Narrative and General Fund Analysis

Local Educational Agencies (LEAs) are required to adopt a budget prior to July 1 of each year in order to authorize the expenditure of funds. The proposed budget is only an initial blueprint for revenues and expenditures since the preparation of the adopted budget usually occurs before the state has enacted its budget, and before actual revenues and expenditures are known for the current year. Should the final State Budget Act terms differ materially from those upon which the LEA's budget was based, the LEA has 45 days to update, revise, and re-approve its budget to include the new terms. In addition, LEA's are required to periodically report their financial status. Interim Reports are submitted prior to December 15 and March 15 of each year to provide budget updates and financial reports based on actual experience through the date of the report; actual financial information is reported through October 31 and January 31 respectively.

Included in this report are proposed state budget guidelines and assumptions as provided by the County Office of Education, School Services of California, and Novato Unified School District, the school's authorizing district. State revenue and other common assumptions were updated based on the guidance of the "The Common Message" published by the California County Superintendents Educational Services Association (CCSESA-BASC) and the Marin County Office of Education. Additional guidance was provided by budget briefs prepared by the California Charter School Association (CCSA) and the Charter School Development Center (CSDC). The Proposed Budget Report also contains financial summaries, multi-year projections and detailed financial reports relating to the estimated financial activity for 2021-22 through 2023-24 specific to the Novato Charter School (NCS).

### Mission

The goal of the Novato Charter School is to nurture the whole child with the objective of enabling students to become self-motivated, competent and life-long learners; and educating our children so that they may grow to be capable and contributing human beings.

The Novato Charter School is based upon:

- A developmental approach
- A classical and innovative education
- A strong sense of community
- A high degree of parent participation
- A close, long term relationship with teachers
- Cooperative learning among peers
- A strong focus on respect, responsibility, and compassion

### Governor's Revised State Budget Proposal: "May Revise"

After more than a year of financial uncertainty and general economic turmoil as a result of the fallout of the COVID-19 pandemic, the State Budget projections have greatly improved from a year ago. After projecting a \$54 billion budget deficit last year, the state is now projecting a \$76 billion surplus with \$27 billion of that to go towards K-14 education as mandated by the

Prop 98 formula. In addition, the state is expecting \$27 billion in Federal funds from the American Rescue Plan, although little of this is proposed for K-12 schools. As a result, the governor has proposed a wide variety of educational programs and to generally boost funding to K-12 schools.

Some of the major components of the May Revise relevant to the school budget and operations are:

- Buy-out of most of the funding deferrals originally proposed for 2021-22, with the exception being the June 2022 principal apportionment (incl Special Education) deferred one month to July 2022. 2020-21 deferrals will not be affected, with paybacks coming as originally scheduled.
- 20-21 LCFF COLA “restoration” plus the addition of a 1 percentage point boost on top of the 21-22 statutory COLA (1.7%) resulting in a compounded 21-22 funded COLA rate of 5.07%
  - 20-21 funded COLA remains at 0%
  - Statutory COLA’s estimated at 2.48% for 22-23 and 3.11% for 23-24
- No extension on the “hold harmless” provision for ADA-based LCFF funding
  - Charter Schools do not have the same one-year protection that school districts receive. Charters will be funded on actual reported ADA as usual.
- There were no proposed CalSTRS or CalPERS rate buy-downs beyond what was funded in the 2019-20 and 2020-21 budgets. There have been reports that the state legislature is considering cutting some of the Governor’s other proposals to fund further buy-downs in the final budget.
- Proposed changes to existing laws governing Independent Study. This could negatively impact execution of the school’s existing Independent Study program.
- Universal Transitional Kindergarten (TK) with changes to be implemented over 4 years. This may provide an opportunity for the school to expand its offerings and enrollment.
- Targeted Intervention Grant and In-Person Instruction Health & Safety Grant.
  - The proposals intend to allocate additional funding to LEA’s based on LCFF funding formulas resulting in an estimated combined 7.25% boost to LCFF funding. Current reports are that these are unlikely to make it into the final State Budget.
- Additional funding for Educator Preparation, Retention and Training. The Governor has proposed several programs including funding another round of Educator Effectiveness Block Grants which would be allocated based on staff counts.
- Increase in State Special Education (AB602) funding
  - EDCOE SELPA is estimating an increase from the 2020-21 rate of \$625 per ADA to approximately \$650 per ADA
  - Maintains higher level of funding for “Low Incidence” IEP funding and other high-cost IEP related cases.

There were several other proposals which would impact K-12 education which would not impact the school including additional funding for schools serving high proportions of

“unduplicated” pupils (>55%). Since the school falls well under that threshold it would not qualify for the additional proposed funding.

**Budget Planning Factors and Assumptions**

We have listed below the key planning factors issued by the Department of Finance and other key agencies used in the preparation of this report. We have used the recommendations of the SSC Financial Projection Dashboard where applicable:

<b>Planning Factors / Assumptions</b>	2020-21	2021-22	2022-23	2023-24	2024-25
Statutory COLA (DOF)	2.31%	1.70%	2.48%	3.11%	3.54%
Funded/Estimated COLA (SSC Estimate)	<b>0.00%</b>	<b>5.07%</b>	<b>2.48%</b>	<b>3.11%</b>	<b>3.54%</b>
STRS Employer Rates	16.15%	16.92%	19.10%	19.10%	19.10%
PERS Employer Projected Rates	20.70%	22.91%	26.10%	27.10%	27.70%
Unemployment Insurance Rate	0.05%	1.23%	0.20%	0.20%	0.20%
Lottery – Unrestricted per ADA	\$150.00	\$150.00	\$150.00	\$150.00	\$150.00
Lottery – Prop. 20 per ADA	\$49.00	\$49.00	\$49.00	\$49.00	\$49.00
Mandated Block Grant: Charter K-8 / ADA	\$16.86	\$17.21	\$17.64	\$18.19	\$18.83
Enrollment	270	270	270	270	270
ADA	263.26	263.26	263.26	263.26	263.26
Average Annual Projected Salary Increase	1.7% - 3.4%	2.5%-3.0%	2.50%	2.50%	2.50%

The above assumptions include a large increase in the Unemployment Insurance rate for 21-22 and higher than previous year rates for 22-24.

**Program Changes**

*Expanded Learning Opportunities / Student Support / Response-To-Intervention (RTI):*

In addition to the levels of additional learning support provided in 20-21, the school is planning to add two additional full-time certificated staff and to expand learning-support aide staffing and hours. This is summarized in the schools Expanded Learning Opportunity Grant plan and LCAP.

**Revenue**

**Enrollment / ADA:**

In this budget we projected ADA to remain flat across the 3-year MYP period. The school historically has had strong enrollment and was able to maintain a high-level of enrollment during the pandemic and especially once classes returned to in-person learning. In general, the school receives more applications than it is able to fill and has strong waitlists for families wishing to join the school community.

#### LCFF Revenue:

As noted above, the May Revise includes a funded COLA of 5.07% which results in an increase of \$111.3K above 20-21 funding.

#### Other Federal and State Revenue:

In 2020-21 the school received significant one-time funding from the CARES Act (\$103.7K) and AB86 (\$225.6K). [In 20-21 the school did not qualify for Title I funding and as such was not eligible for the Federal ESSER funds which were awarded to many schools.] Unused funds, as well as a resultant unrestricted surplus, will be carried over to fund 21-22 RTI programs. The school has not included in its budget any of the other additional funding proposals included in the May Revise at this time. The result of non-renewal of one-time funds is an \$86.8K decrease in Federal Revenues and a \$140.9K decrease in Other State Revenues.

#### Other Local Revenues:

In 20-21, the school requested a lower grant amount from the Novato Charter Foundation than in previous years. Barring receipt other sources of revenue, the school anticipates requesting Foundation grants in line with previous years for the MYP period. This is the primary driver in the \$96.5K increase in Local Revenues over 20-21.

#### Expenditures

Overall expenditures are expected to experience a significant one-time increase (\$285.4K; 10.9%) in 21-22 due to the return to full in-person learning as well as additional staffing and services to provide expanded learning opportunities (see “Program Changes” above) and expenditure of one-time funds and reserves/surpluses carried over from 20-21. Additionally, as reported elsewhere in this report, employee benefits costs – including STRS, PERS, Unemployment Insurance – continue to increase at rates higher than COLA can cover. The school has also budgeted for an increase of \$150 per month in employee health-care contributions (from \$750/mo to \$900/mo) to more closely offer contributions at comparable schools. So, while base salaries will increase by \$160.2K (9.9%), benefits costs will increase by \$110.0K (21.4%). Assuming no other infusions one-time funds, salary levels will approach normal operating levels beginning in 22-23.

#### Reserves

The school continues to strive towards maintaining a strong financial base and maintain the financial stability of the school. This is reflected in the school’s goal to maintain a sufficient level of reserves. County offices of education and charter school advocacy organizations reinforce the need for reserves well in excess of the minimum reserve for economic uncertainty. The required reserve for economic uncertainty represents only a few weeks of payroll for most schools. In a normal budget year, The Government Finance Officers Association (GFOA) recommends reserves, at minimum, equal to two months of average general fund operating expenditures, or about 17%. The Non-profit Operating Reserve Initiative (NORI) recommends a reserve level of 3 months or 25%. Because it does not have the same ready access to working capital as school districts (e.g. TRANS), the school’s goal is to maintain reserves at levels approaching or exceeding the NORI recommendation appropriate to a non-profit.

## Surplus/Deficit and Fund Balance

The school is expecting a higher surplus in 20-21 than originally budgeted due to the influx of additional one-time AB86 funds. \$123.0K of this surplus is estimated to be one-time restricted funds which will be carried over and expended in 21-22 offsetting the 21-22 deficit of \$111.2K. Without the carryover and expenditure of these one-time restricted funds the school would have generated a small surplus of \$11.8K. The school is budgeting surpluses of \$43.1K and \$51.4K in 22-23 and 23-24 respectively with the goal in mind of reaching a 25% reserve level. The school is estimating the 2021-22 Ending Fund Balance to be \$950,475. Of this, \$366,126 will be invested in school buildings and other capital. The unrestricted net position is expected to be \$584,619 or 20.1% of total 21-22 budgeted expenditures, equivalent to 2.41 months of average expenditures. This amount is above the 5% minimum reserve requirement, but still below the recommended levels discussed above. The Unrestricted Net Position is above the 5% reserve for economic uncertainty threshold for all three years covered in the MYP.

## Cash Flow / Working Capital

Cash flow reports are attached to this report. As discussed above, it is not anticipated that the state will impose additional deferrals in 21-22 other than from June 2022 to July 2022. With its strong unrestricted reserve position and the payoff of its SpEd liability to the district, the school does not anticipate cash flow or working capital issues during the MYP period.

## Overall Fiscal Condition of the School / Certification

With the steps the school has taken to achieve the budget positions presented in this report the Novato Charter School is financially secure and on a firm footing. As discussed throughout this report, the school has taken steps to operate within the means granted by federal, state, and local sources of income and achieve a cost structure that is sustainable within these limits. Overall, the school is projecting the ending fund balance for this budget year and the subsequent two years to be above the reserve levels needed for a positive certification.
